1. Order No. 101 of General Chuikov, dated 18 August 1949, directs Herr Rau, chair-
    man of the DWK, to have the WV Verkehr build the following RR line: Oranienburg-
    Wensickendorf-Schönwalde-Karow-Marzahn" and to repair the installations at Muhl-
    heide, Basdorf, Herzberg, and Blankenburg and the stations at Karow and Sachsen-
    hausen. This work is to be financed by the WV Verkehr; the limit for investments
    is to be raised by 8,000,000 DM to cover this project.

2. Construction was to begin 25 August 1949 under the supervision of the Engineer
    Division of SMA (Senior Lt. Shubnikov.) The DWK was to provide an advance of
    2,000,000 DM on that date. Workers were to be furnished by the WV Verkehr.

3. A supplementary order to the DWK from a Lt. Colonel, countersigned by Dyakonov,
    Major, Engineers, stated that the work is to be completed by 1 March 1950 and
    lists all the materials to be provided by the DWK. The list includes 58,000
    ties, 96 km of telephone wire, and 92 other items.**

25X1A *   From available maps it appears that completely new construction
    would be required only for Oranienburg-Wensickendorf or less than 9 km.
